## PLEASANT SOCIAL GATHERING.

President Jones of the University

Entertained.

The reception last Saturday evening, given at the residence of Mrs. E. J. Stevens by Miss K. N. T. Tupper and the ladies of the third year Normal class of the State University in honor of the new President, Professor S. A. Jones, was a success in every way. Recitations, vocal and instrumental music and a bountiful supply of refreshments were enjoyed by all. The young ladies who assisted Miss Tupper were Misses Lena Joy, Blanche Atherton, Adeline Morton, Katherine Linn, Frances Frey, Hattie Rhodes, Lottie Shaber, Mate Snow, Lizzie Savage, Annie Olovovich, Persia Lemmon, and Jennie McFarlin.

Besides the above, the following persons were present: Professor S. A. Jones, F. H. Norcross, H. C. Cutting, W. L. Cox, B. C. Durall, W. E. Manning, A. Joy, W. Barney, A. Sharpe, Chas. Lewers, Robert Lewers, Chas. E. McFarlin, F. C. Powers, Geo. Bates, P. A. Richardson, Chas. Goe, Thos. L. Warner, W. B. Daugherty, T. E. Robb, C. D. Van Duzer, Geo. H. Taylor, H. L. ## BREVITIES.

Local and General Intelligence.

Read the locals on the fourth page.

Read the 50-cent ad. of a position wanted.

The Board of Pardons has postponed its meeting from to-day until Monday, the 20th inst.

Old Jerry Tyler, whom most everybody knows, died in Honey Lake valley last Friday.

There will be a full rehearsal, including choruses, at the Opera House to-night of "The Princess."

Patrons of the GAZETTE are advised to secure seats early for "The Princess," as there is sure to be a full house.

The west-bound passenger train was over four hours late last night, and did not arrive until about 2 o'clock this morning.

A thaw set in yesterday and the snow disappeared very fast. The change was quite agreeable from the cold weather.

The Eureka Sentinel says a good way to commence the new year is to pay your debts, provided you have any to pay and can afford it.

The recent brutal attack by Charley Mitchell, the Englishman, on Lord Mandeville shows the brutalizing and degrading effect of that kind of business.

Our readers should all read "The Princess" before going to see it Friday evening at the Opera House. It may be found in any complete edition of Thompson's poems, and is well worth a careful reading and a little study.

Colonel Sutherland and two companions, who arrived a few days ago from London on their way to Candelaria to examine some mines, returned on to-day's V. & T. local, and left for S. Francisco on the delayed train.

Last night's V. & T. express, due here at 9 o'clock, did not arrive until 6 o'clock this morning, the delay having been caused by a blockade on the C. & C. between Mound House and Dayton, and the V. & T. waited all night for the narrow gauge train to arrive.

Declined the Offer.

R. L. Fulton has been for a month seriously considering a splendid offer made him by Chas. Webb Howard of San Francisco to take up his residence in that city, but the GAZETTE is pleased to state that on Saturday Mr. Fulton declined the offer and is going to cast his fortunes with the people of this State. Mr. Fulton is too good a man to lose, and the GAZETTE is very glad he has decided to remain here.

An Injunction Refused.

By Associated Press.]

NEW YORK, Jan. 13.—Judge Hare in the Court of Common Pleas, this morning, read a lengthy opinion refusing to grant the injunction asked for by Even and Sheldermine against the Philadelphia & Reading Railroad Co., of the object which, at present, was to postpone the annual election of officers, which is to be held to-day, and in full, to do away with the voting trust of that company altogether. The Court only decides that it will not grant the preliminary injunction asked for, but it does not decide any other questions of law.

MORMON CHURCH DECLARATION.

Working Hard for Statehood.

By Associated Press.]

WASHINGTON, Jan. 13.—Delegates

Caine of Utah is industriously engaged in distributing an official declaration of the Mormon Church. The document is evidently intended to pave the way for the admission of that Territory.

The declaration is signed by Wilford Woodruff, George Q. Cannon and Joseph F. Smith "of the Presidency of the Church of Jesus Christ of Latter-Day Saints." Lorenzo Snow, Franklin D. Richards, Brigham Young, Moses Thatcher, Francis M. Lyman, John Henry Smith, George Teasdale, Heber J. Grant, John W. Taylor, M. W. Merrill, A. H. Lund, Abraham H. Cannon, members of the "Council of the Apostles," and John W. Young and Daniel H. Wells, counselors.

The declaration is addressed "To whom it may concern," but is supposed chiefly to concern Congress.

The Mormon Church, it is affirmed, views the shedding of human blood with the utmost abhorrence. They regard the killing of a human being, except in conformity with the civil law, as a capital crime, which should be punished by shedding the blood of the criminal, after a public trial before a legally constituted court. Notwithstanding the stories told about the killing of apostates, no case of this kind has ever occurred, and, of course, has never been established against the church we represent.

Hundreds of seceders from the church have continuously receded, and now live in this Territory, many of whom have amassed considerable wealth though bitterly hostile to the Mormon faith and people. Even those who have made it their business to fabricate the vilest falsehoods, and to render them plausible by culling isolated passages from old sermons without explanatory context, and have suffered no opportunity to escape them of vilifying and blackening the character of this people, have remained among those whom they have persistently calumniated until the present day without receiving the slightest personal injury. We declare that no Bishop or other court in this church claims or exercises the right to supercede, annul or modify the judgment of any civil court; that is, the church, while offering advice for the welfare of its members in all conditions of life, does not claim or exercise social or political rights. The ballot in this Territory is absolutely untrammelled and secret. No man's business or other secular affairs are invaded by the church or any of its affairs. We declare that there is nothing in the ceremony of endowment or in any doctrine, tenet, obligation or injunction of this church, either private or public, which is hostile or intended to be hostile to the Government of the United States. On the contrary, its members are under a divine commandment to revere the constitution as a heaven-inspired instrument.

## Almost a Republican.

By Associated Press.]

COLUMBUS, Ohio, Jan. 13.—Governor-elect James B. Campbell took the oath to-day at noon. His message is comparatively brief. He recommends that home rule be restored to all cities as speedily as possible, and enters into the details as to the needs of Cincinnati. He strongly recommends the system of ballot reform commonly called the Australian system, and sketches briefly the success which it has met with in other countries and States. The argument that it would be a hardship to illiterate voters is substantially answered. On the question of cheaper school books, the Governor said:

"Popular education is the foundation of freedom and prosperity; knowledge should be furnished at the lowest possible cost. The State builds school-houses, provides teachers and controls every detail of education save the furnishing of books; is there any reason why it should not assume this function also?"

He favors the abolition of the office of commissioner of railroads and of telegraphs, and thinks the duties could be better performed by a railroad commission, providing there be any necessity for State supervision of railroads.

WASHINGTON, Jan. 13.—Assistant Secretary Tichenor has directed the Collector of Customs at Fort Benton, Montana, to discontinue the practice of issuing to Chinese persons about to leave the United States certificates that they are qualified to return. A STRANGE SUICIDE.

An Italian Blows the Top of His Head off with a Shotgun.

Yesterday morning an Italian about 26 years of age, who was cooking for Thomas Hill at Clark's Station, between here and Wadsworth, stepped out of the dining-room, while the folks were eating breakfast, and took a double-barrel shotgun, placed the muzzle in his mouth and blew the whole top of his head off.

Those best acquainted with the deceased are unable to understand the cause of self-destruction, as he had shown no signs of insanity. The remains were brought to Reno, where they were buried this afternoon. An inquest held by Coroner Peers found the facts as above stated.

Get Ready To Be Interviewed.

The Secretary of the Board of Trade will call upon all business men who have been elected members of the organization in a day or two for the amount of the annual dues—\$5—and it is hoped that all will cheerfully respond to the call. The names of all those contributing to the fund will be published from time to time, so that there will be no mistake as to who are members and who are not. In the meantime any one desiring to pay up can do so by calling at the office of the Board of Trade, in the Gazette building upstairs, thereby saving the Secretary much labor.

Poor Humanity.

The common lot is one of sorrow—say at least—the pessimists, they who look at the worst side. Certainly what would otherwise be a bright existence, is often shadowed by some slint that overhangs it like a pall, obscuring perpetually the radiance that else would light the path. Such an ailment, and a very common one, is nervousness, or in other words, weakness of the nervous system, a condition which is remediable where it is not too far advanced. The concurrent experience of nervous people who have persistently used Hostettler's Stomach Bitters is, that it conquers entirely a superabundance of the nerves, as well as dispels the so-called "blue devils," and restores the system to its normal state. As the nerves gain strength, the trouble of the stomach disappears. Use the Bitters for indigestion, biliousness and kidney trouble.

Sudden Change of Temperature

By Associated Press.]

CHICAGO, Jan. 13.—The rainstorm yesterday afternoon gave place to a gale which raged with great fury all last night and which has only diminished with the advent of cold weather. While during part of yesterday the thermometer was between fifty and sixty degrees above zero, it began to fall rapidly last night and at an early hour this morning marked only eighteen above. The Signal Service Bureau reports the storm general, and the telegraph service from the west, north-west and south fully corroborates this report. The wind has played havoc with the electric wires all over the west, the telegraph service being badly demoralized. This morning a slight fall of snow covered the ground.

Reports from the Dakotas, Minnesota, Wisconsin, Iowa, Nebraska and Kansas indicate about the same weather in those States, the only variation being that the blizzards were more intense and snow much deeper in the north. Since yesterday's cyclone, St. Louis has been practically cut off from the rest of the world, so completely was the demoralization of the telegraph service. The wires in every direction were down and it was not until ten this morning that the Associated Press finally established connection with the storm-stricken city.

MINNEAPOLIS, Jan. 13.—The storm did very little damage in the Northwest. The trains of some of the roads were a little late, but there is no serious delay. The weather is clear and cold.

A Destructive Tornado.

By Associated Press.]

CAIRO, Ill., Jan. 13.—A tornado last night struck the east side of the city of Clinton, Ky., demolishing fifty-five houses, and killing eleven people and wounding fifty-three.

The killed, so far as could be ascertained, are: J. A. Rhodes and two children, Mrs. William Bone, Barnett Bone, Walter Nance, John W. Caddie, an infant of J. C. Hodges, and another not yet identified.

The storm also visited Wickliffe, Ky., doing considerable damage to property, but no loss of life is as yet reported.

A Change of Ministry.

By Cable and Associated Press.]

LISBON, Jan. 13.—The Cabinet has resigned. Piamental, the Liberal Conservative leader, voted with the minority at a meeting of the Council when the demands of England were acceded to. The minority was in favor of the evacuation of Shire district, but opposed the other demands made by England, unless that country submitted the dispute to arbitration forthwith. There is much excitement in the city. A crowd paraded the streets last night crying "Viva Pinto" and "Viva Portugal."

## 5 O'CLOCK EDITION.

### Another Meeting.

Another important meeting of the Board of Directors of the State Board of Trade was held Saturday afternoon and work enough laid out to keep the organization busy for a month. The movement has been gaining friends ever since the GAZETTE began to agitate the question five or six months ago, until to-day it has many wishing for its success and friends who are willing to go down in their pockets to enable the organization to get down to work. The good results which are sure to follow the movement must be apparent to every one who has read the GAZETTE's accounts of the meetings, but they must necessarily be slow of growth, and it is better that it is so, for in settling up a great State we do not want a "boom" this year and poverty and starvation the next; but we want a steady, healthy growth of all our industries; we want our arid lands reclaimed and settled upon by a desirable element of society and not by the rag tag and bob tail of the world at large. In order to bring about this order of things, it will be necessary to move cautiously and direct and invite such an element. If the Board of Trade can double our agricultural population in the next ten years, it will be doing good work; if it can bring under cultivation double the number of acres now cultivated, no one will have any cause of complaint. In order to accomplish this, however, it will require the united effort of our people, for one man hanging back and throwing cold water on the proposition can hamper and hinder what ten men can accomplish, so let us all put a shoulder to the wheel and assist the Board in every way possible.

LAST Saturday's Silver State devotes nearly another column in trying to convince itself that it did not take an unfair and narrow view of Bartine's vote on the speaker-ship. After having given Grover Cleveland—the most pronounced enemy Silver has ever had—a hearty support for a second term, nothing but the gall of a Democratic Editor would have been sufficient to justify the claim that the above paper was the original silver champion. The insincerity of the Silver State's condemnation of Cleveland's anti-silver record was fully shown when that paper "stood in" for him for a second term.

### JOTTINGS.

Try the new brand of chocolate at E. C. Leadbetter's, it is fine. Try his canned goods.  
Every day in the week between 11 A. M. and 2 P. M. a nice hot lunch can always be had at J. J. Becker's Chicago Saloon.  
The Riverside Hotel is where you never fail to obtain a good room, a nice bed and as good a meal as anybody ought to have.  
C. J. Brooks carries every style of lamp chimneys and wicks known to the trade, also a nice assortment of hanging lamps.  
C. A. Thurston carries the finest assortment of scrap albums ever offered in this market as a peep into his show window will prove.

The liberal patronage being enjoyed by the Arcade Hotel, shows that Mr. Lemery's efforts to please his patrons are fully appreciated.

Miss Emma Gibbs carries all the latest articles in fancy work, also lessens given in Queen Anne Stitches and Rope Stitches work.

The quality of groceries is not to be judged by the width of the store in which they are kept, for no one carries a better quality than can be had at J. N. Wallaces.

George Becker's many years experience in the saloon business enables him to know just what his patrons want at all parts of the year and he never fails to have for.

### HE TOOK THE WRONG MEDICINE.

Robert Stewart, of Petaluma, recently had a queer experience. He writes:  
"Carbuncles and boils afflicted my face and neck for weeks. Finally I procured a bottle of one of the leading sarsaparillas. To my surprise it made matters worse. This made me lose faith in sarsaparillas, but seeing a statement that Joy's Vegetable Sarsaparilla dried up boils and face eruptions instead of forcing more out as the poison sarsaparillas do, I bought a bottle. The effect was astonishing. The carbuncles and boils began to dry up, and in two weeks my face was as well and smooth as ever. My brother also took a bottle with the same benefit. ROBERT STEWART, Petaluma, Cal."

[Explanatory Note.—The mineral inside of petal, which is the best of nearly all other sarsaparillas, attacks the blood directly, hence forces impurities through the skin, creating more boils and pimples. Joy's Vegetable Sarsaparilla acts oppositely. Its vegetable alkalies stimulate the various secretory organs and thus eliminate all impurities through the natural channels, hence dries up pimples and skin eruptions at once. The above testimony is a case in point.]

### The Willy Hoagolians.

The Chinese are said to be going to Ensenada, Lower California, in considerable numbers from Mazatlan on the steamer Newbern. The opinion is expressed that the coolies come direct from China to the coast of Mexico on French steamers. The headlions find their way across the border easily.

### A Silly Child.

Miss Annie Trimble of Pomona, seventeen years old, has disappeared from her home, and her relatives are much excited over the fact. It is said she is the victim of cheap and flashy novels. In a note she said she had learned to love another and must go to him.

### The Best There Is.

A new typewriter has been invented by the party who invented half of the Remington and all of the Caligraph. It has no ribbon, no wooden bars, but is all steel, prints true and without any blur. It costs an even hundred dollars, and is worth two of any other machine. It prints better, wears longer, is easier to learn and works faster, besides other recommendations. C. A. BRAGG, Agent.

### VALUABLE PRESENT.

Every Old as Well as New Subscriber Gets One.

The article the GAZETTE is giving away is no cheap or common place affair, it is something every family ought to have. It is a Medical book for home use.

A book that is valuable, and choice in its language.

A book of 480 pages.

A book which you do not have to keep under lock and key.

A well printed book.

A well bound book.

50,000 copies have sold in the last six months.

It is a \$3 book which is given away.

OUR PURPOSE.—We are making this new departure for two reasons:

First. We wish in this way to express to our Old Subscribers our appreciation of their patronage.

Second. We hope to induce a large number of New Subscribers to take our paper.

OUR PLAN.—We shall give a copy of this three dollar book to each one of our subscribers this year, old as well as new, as follows:

A new subscriber who sends for the WEEKLY GAZETTE and STOCKMAN for one year at \$2.00 in advance, we will give a copy of this \$3.00 book.

To any old subscriber who will renew his or her subscription for one year, at \$2.00 in advance, and get us one new subscriber at \$2.00, we will give a copy of the book.

In this case, the new subscriber will also get a copy of the book with his year's subscription.

To all delinquent subscribers who will pay arrearages, and renew for one year, at \$2.00 in advance, and give us one new subscriber at \$2.00, we will give a copy of this \$3.00 book.

The new subscribers will also get a book.

Where the book is sent by mail, 20 cents must accompany the order for postage.

### Dyspepsia

Makes many lives miserable, and often lead to self-destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves headache, clears the mind, and cures dyspepsia.

In a Terrible Condition.

"I owe my life to Hood's Sarsaparilla. For two years I was in a terrible condition with dyspepsia. I could eat nothing but soda crackers, and my weight fell from 170 to 135 pounds. Hood's Sarsaparilla helped me at once, and after using 12 bottles I was entirely cured. I have gained my usual weight, 170 pounds, and have had excellent health ever since." T. J. WILCOX, 20-26 1st South Street, Salt Lake City Utah.

Headache—Hot Flashes.

"I had headache, hot flashes, soreness and swelling across my body, pain in my right side, with frequent vomiting. I used Hood's Sarsaparilla with the best results. I am in better health than for four years. Hood's Sarsaparilla is safe, reliable, and sure." J. C. WILLSON, Auburn, Cal.

Three Chapters that Contain a Sequel.

There are three chapters in the "Family Physician" which are worthy of special mention, namely, those on "Diseases of Women," "Diseases of Infants" and "Care of the Sick."

The first of these is a model of its kind. It is chaste in language, contains no disgusting pictures for children to happen on and be over-curious about, and taken altogether is the most practical, sensible and straight-forward treatise upon this delicate subject that has ever been printed.

This chapter alone is worth many times the cost of the book to every mother even if it had to be purchased at its regular price.

The other chapters referred to are equally well written and valuable. See "Our Plan" on 4th page.

## BOARD OF TRADE.

Another Important Meeting  
Held Saturday Afternoon.

The Organization at Work—  
Interesting Communications Presented.

Another important meeting of the Board of Directors of the State Board of Trade was held Saturday afternoon at the rooms of the First National Bank. There were present Francis G. Newlands, the President of the Board of Trade; R. L. Fulton, the Manager; Tremore Coffin, C. T. Bender, M. D. Foley, W. E. Sharon, W. O. H. Martin, E. C. McClellan, George Russell, S. D. King, L. D. Folsom, and Allen C. Bragg, the Secretary.

**THE FIRST BUSINESS**  
Transacted was the election of R. L. Fulton, C. W. Irish, H. H. Beck, Tremore Coffin, H. Springmeyer and B. Gilman as members of the Board of Directors.

Manager Fulton then presented the copy of a pamphlet that he had prepared and intended issuing to the people of this State, giving a history of the organization, together with the Constitution and By-Laws, and an appeal to the people to aid the Board by contributing \$5 per year, and in forwarding such information as they may be possessed of for distribution. Three thousand copies of the pamphlet were ordered printed, and will be generally distributed throughout the State.

A discussion then arose as to the probabilities of the General Government making

**IRRIGATION SURVEYS**  
In time for the people of this State to derive a benefit the coming season, owing to a lack of appropriations on behalf of the Government, which called forth the following resolution:

**THE RESOLUTION.**  
WHEREAS, During the past season certain surveys have been made within the water-sheds of the Carson and Truckee rivers under the supervision of the Director of the United States Geological Surveys, looking to the conservation of waters for the purposes of irrigation; and

WHEREAS, It is believed that the lands covering the sites so surveyed are for the most part, or in fact, almost entirely in private ownership, and have now to a considerable extent been acquired for purposes of water storage in the interest of the irrigators within these water-sheds; and

WHEREAS, The interests involved are of great extent, representing a vast public necessity which would seem to justify a recognition on the part of the Government bureau officers; and

WHEREAS, The possession of the information acquired by the said Government irrigation surveys would insure to the public benefit within these water-sheds if it could be acquired by the organized irrigators or by this State Board of Trade for their benefit; and

WHEREAS, If, as is ordinarily the case, it will be some months, probably a year or two, before this information will be made public through the ordinary channels of Government printing, and that in the meantime the irrigators of these valleys, if they move in the matter of water storage, will be forced to duplicate these surveys; therefore, be it

**Resolved,** That the President of this State Board of Trade be and is hereby requested to communicate with Major J. W. Powell, Director of the United States Geological Surveys, transmitting to him a copy of of this resolution and requesting that place at the disposal of this Board of Trade copies of such maps and notes and information as have been acquired within the water-sheds of the Carson and Truckee rivers relative to the storage and distribution of water therein, said information to be used for the public benefit of the irrigators dependent upon the rivers named for irrigation supply.

President Newlands then submitted the following letter which he wrote to Major Powell, Director of the United States Geological Survey, touching the same subject:

MR. NEWLANDS' LETTER.

RENO, January 10, 1890.  
Major Powell, Director of the United States Geological Survey—  
MY DEAR SIR: In order to refresh your recollection of me personally, I will say that I met you at Carson on your visit there last summer with the Senate Committee on Irrigation.

I send you herewith copies of the RENO EVENING GAZETTE showing what the steps have been taken by people of this and the adjoining counties with regard to the storage of water for irrigation. We have formed, as a preliminary step, a State Board of Trade, with a view to the promotion of water storage and irrigation throughout the State. Of this Board I have been made President, and we have now in process of forming two water storage associations, one comprising the irrigators and others interested in the valley of the Truckee, and the others made up of the irrigators and others in the valley of the Carson river.

Nevada, as a State, has taken an advanced position in the way of irrigation development, and an appropriation has been made by the Legislature of \$100,000 to construct a storage reservoir some place in Nevada, and an irrigation commission has been organized under a statute of the State. The commission has found itself hampered by the limitations of the law under which it was organized. Being impatient from this long delay and desirous of pushing the matter of water storage to an early consummation, as, indeed, the necessities of the country absolutely require, the irrigators and a number of prominent business men have, as already said, organized the associations of the State Board of Trade and the Washoe Improvement Society and others to which I have alluded. I refer you to Senator

Stewart of Nevada, who is familiar with the work we are doing and who, I am sure, will do all in his power to advance the public interests in this section by joining in the request I have to make.

There is also enclosed to you a copy of a resolution adopted by the State Board of Trade, which is self-explanatory. The people of this section want to do something towards water storage during the coming season. We must strike while the iron is hot. Heretofore they have waited, expecting some great good from the Government in this direction, that is to say, in the actual construction of reservoirs, but they are now informed that such an outcome is scarcely among the possibilities. They have concluded not to wait, but move for themselves.

As to the policy of the Government with reference to irrigation organization I think the people here cordially approve of your ideas as expounded in your recent address before the New York Chamber of Commerce, and I think that the associations which we have formed and are forming here will come very near the realization of your water storage district idea, seeing that we propose to organize according to natural drainage districts, to take in all interests within each such district and control the waters for the common good. In this respect it seems to me that the situation here presents an opportunity for a practical application in a very material measure of your ideas.

The public interests at stake are worthy of recognition at your hands, and the public necessities in such a case should be met by the helping hand of the Government.

The results of the surveys and examinations relative to irrigation, water storage and the supply conducted under your direction would be of very material value to this public if known to our association. Otherwise we will simply be forced to duplicate the Government work at our own expense. Some work of this kind has already been done, and more is contemplated. I have advanced the money necessary to purchase a number of the reservoir sites at the headwaters of the Truckee river, and have engaged that I will hold my purchases for the benefit of the people of Washoe county, subject to reimbursement of cost and interest. The transfer of the properties thus purchased by me to the association of irrigators of which I have spoken will be made as soon as that association is completely formed.

I have to ask, therefore, in the name of our State Board of Trade, as instructed by the resolution transmitted, and in the name of the irrigators of the Truckee and Carson basins, that you send us, or permit us to acquire, copies of such notes, plans, maps and estimates, the result of your past season's engineering surveys in this section, as will be of public use. Moreover, the personal and professional knowledge of the subject and of the local situation now had by the supervising engineer of this district, William Hammond Hall, by reason of his past duty in this connection and of such knowledge as will be acquired in further official duty, would render his advice especially advantageous to this association and beneficial to the public weal. I therefore ask that you give Mr. Hall such instructions or permission as will direct or allow him to act as a general engineering adviser to our association in so far as he can do the same without interference with his duty to the United States Geological Survey. Very respectfully yours,

FRANCIS G. NEWLANDS.

The question of the United States Government

**CEDING ALL VACANT LANDS**  
To this State for the creation of an irrigation fund then came up and the following resolution was adopted:

**Resolved,** That a committee of three be appointed to frame and present a memorial to Congress praying the cession to Nevada of all Government lands within its borders to the end that Nevada may enter upon storage and irrigation enterprises for their reclamation.

President Newlands then appointed the following gentlemen as such committee: M. D. Foley, S. D. King and Tremore Coffin. Subsequently President Newlands, Manager Fulton and the Finance Committee added to the committee M. D. Foley, W. E. Sharon and D. A. Bender were appointed a committee to wait upon the

And solicit a contribution to the working fund of the organization. A committee consisting of W. O. H. Martin, L. D. Folsom and E. C. McClellan was appointed to appoint a soliciting committee of three in the eastern towns in the State to

**SOLICIT ASSISTANCE**  
For the State Board of Trade. The following resolution was unanimously adopted:

**Resolved,** That it be the sense of this meeting that all those who do not pay \$5 to the Secretary of the Board of Trade within a reasonable length of time or render other substantial assistance, shall be stricken from the list, and any person not named in the list who pays \$5 shall be considered a member of the organization.

The following letter was ordered sent to all

**THE SHEEP MEN**  
Throughout the State with a view of investigating the practicability of investing capital to put up a ware house, woolen mills and factories at some convenient point within our borders:

**OFFICE OF THE STATE BOARD OF TRADE,**  
RENO, Nev., January 15, 1890.  
DEAR SIR: The Nevada State Board of Trade desires information pertaining to the practicability of establishing a wool ware house in the State and would be glad to have your views and any information you may be in possession of on this subject. If in the sheep-raising business, will you kindly answer the following inquiries and use your influence to have others in your vicinity do the same in regard to their flocks and send to the Nevada State Board of Trade, Reno, Nevada:

What is your annual wool yield?  
What does it cost to market the same?  
Are your present arrangements satisfactory, and if not, how can they be improved?  
Please give other information or suggestions that you may have.

So it will be seen that the great

wheel of inquiry has been started and the laws of the Nevada State Board of Trade inaugurated.  
It entails a good deal of labor to get the machinery of the organization in proper shape to run, but hereafter the work will suggest itself as the grand movement progresses, and inquiries will be sent out each month.

**PERSONAL.**

D. Knock of Susanville is registered at the Riverside.  
George Winters came in from Smoke Creek Saturday night.  
Francis G. Newlands left for Washington yesterday.

E. R. Dodge and wife of Susanville went below Saturday night.  
Mrs. Allen C. Bragg left today on a visit to Sacramento.

R. L. Fulton left for Ohio on a two weeks visit to his parents yesterday.

Richard Kirman of the stock firm of Kirman & Rice was in town yesterday.

Col. Heriot, formerly manager of the N. C. & C. railroad at this place was a passenger for the East on yesterday evening's train.

**The Montana Mines.**

A total force of 6,175 men are employed in the mines in and about the vicinity of Butte City, Montana. The December pay rolls of mines in the vicinity footed up a total of \$617,500. The Anaconda employs 3,000 men and pays out monthly \$300,000 for employees wages. The Boston & Montana and Butte & Boston companies have a total of 1,600 employees on their pay rolls. The Parrott employs 400 miners and the Colorado and Blue Bird 250 and 300 respectively. The other companies employ from 200 to 75 men each.

**Horsemen and Fine Horses.**

Uncle Alf Estelle who has charge of Theodore Winter's Eastern stable arrived here Saturday evening from Memphis, Tennessee, where the above stock is being wintered, and in company with Mr. Winters, he yesterday paid a visit to the 13 head of runners which are being stabled at the Fair Grounds. Mr. Estelle was much pleased with all these colts, and the last of this month he will take 10 of the 13 head East with him, going by the way of Sacramento and the Southern route.

**San Francisco Meat Market.**

Supplies are coming in more freely, now that the roads are drying up in the interior. Following are the rates for whole carcasses from slaughterers to dealers:

**Remarkable Rescue.**

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption: she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she was—Free trial bottles of this Great Discovery at W. F. Pinner's Drug Store, large bottle, 50¢; and 25¢.

**Happy Hoosiers.**

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that had feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Find the Electric Bitter to be the best Liver and Kidney medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50¢ a bottle at Wm. Finner's Drug Store."

**Bucklen's Arnica Salve.**  
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale everywhere. (252715)

**Advice to Mothers.**  
Mrs. Winslow's SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. 15
